

LEAP Summit Zagreb 2017

11. – 13.05.2017

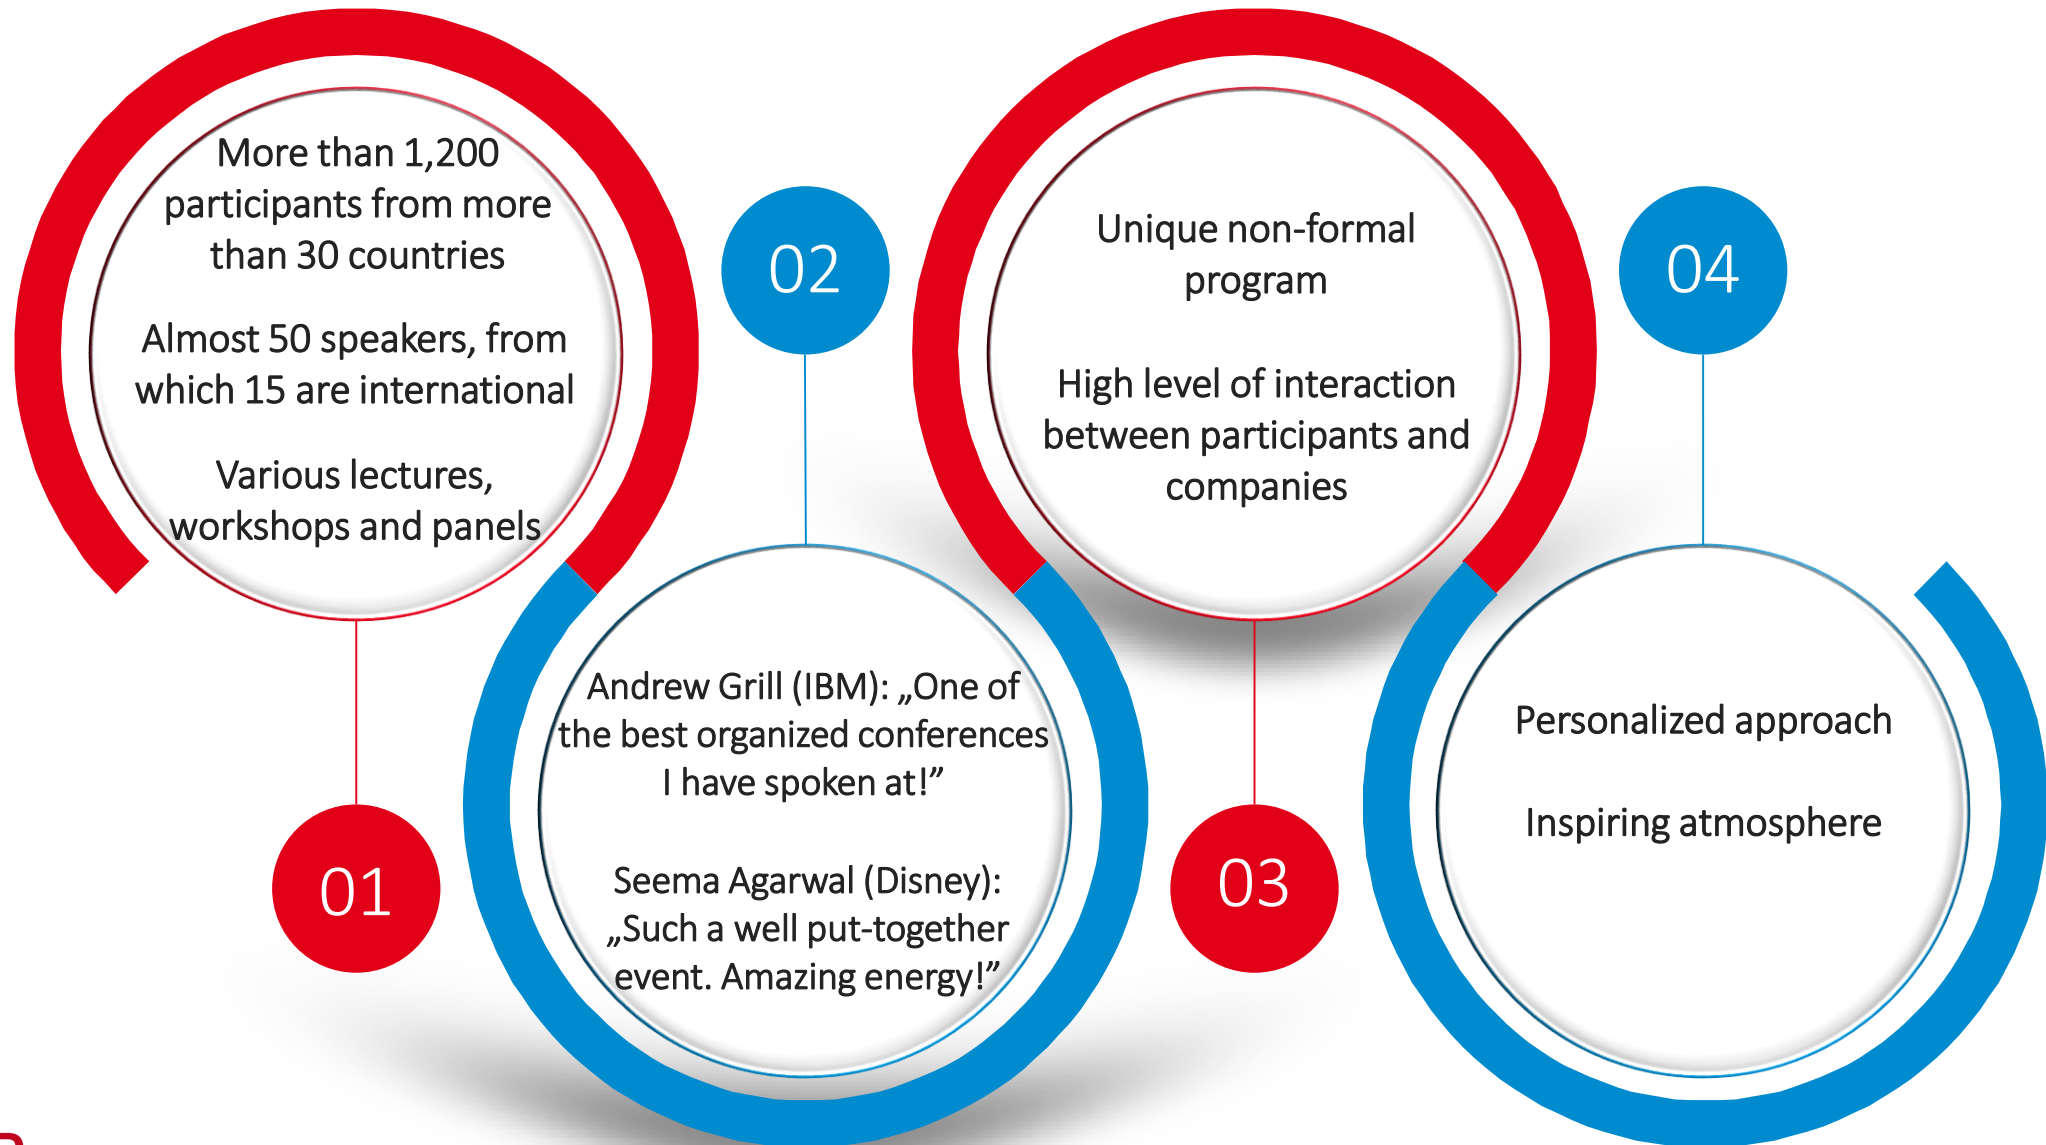

About LEAP

LEAP Summit is a global 3 day conference, which gathers every year more than 1,000 bright minds. The main focus of the conference is on themes connected to innovation, IT, entrepreneurship, career development and life-changing stories. Our ambition is to connect young, ambitious visionaries which are change-makers and leaders in their community, and educate and inspire them through series of lectures, panels and workshops which will be held by various domestic and international experts. Moreover, LEAP is focusing on networking events and rich non-formal program. We believe that we can encourage and inspire young minds to action and create a better world, not only for us, but for generations to come.
